

Unit 16: Manage physical resources

Unit reference number: K/506/1989

QCF level: 4

Credit value: 4

Guided learning hours: 26

Unit summary

Every organisation will need physical resources to enable them to function and operate efficiently and there will often be occasions when it is necessary to purchase new or updated resources. When considering the purchase of new resources there are several factors which need to be considered such as the cost, potential benefits and the need to follow organisation procedures in the procurement of any purchase.

In this unit you will learn how to identify the need for physical resources that meet the operational requirements of the organisation. You will learn how to evaluate alternative options for obtaining resources and the impact the new resources will have for the organisation. You will learn the organisational procedures and policies to follow in the procurement of the resource. You will gain an understanding of the factors that need to be taken into account when obtaining physical resources and the importance of using sustainable resources. You will gain an understanding of the importance of ensuring that the resources are managed and used efficiently.

Assessment

To pass this unit the evidence that the learner presents for assessment must demonstrate that they have met the required standard specified in the learning outcomes and assessment criteria and the requirements of the Assessment Strategy.

To ensure that the assessment tasks and activities enable learners to produce valid, sufficient, authentic and appropriate evidence that meets the assessment criteria, centres should apply the *Unit Assessment guidance* and the requirements of the Assessment Strategy below.

Wherever possible, centres should adopt a holistic approach to assessing the units in the qualification. This gives the assessment process greater rigour and minimises repetition, time and the burden of assessment on all parties involved in the process.

Unit assessment requirements

This unit must be assessed in the workplace in accordance with the Skills CFA Assessment Strategy for Business Administration, Customer Service and Management and Leadership, in *Annexe A*. Simulation is not allowed for this unit.

All evidence of occupational competence should be generated through performance under workplace conditions; this includes evidence of achievement for knowledge-based learning outcomes and associated assessment criteria.
