## Edexcel Level 1 and 2

**Edexcel Functional Skills qualification in English at  
Level 1**

**Edexcel Functional Skills qualification in English at  
Level 2**

For first teaching September 2010

Issue 3

Edexcel, a Pearson company, is the UK's largest awarding body, offering academic and vocational qualifications and testing to more than 25,000 schools, colleges, employers and other places of learning in the UK and in over 100 countries worldwide. Qualifications include GCSE, AS and A Level, NVQ and our BTEC suite of vocational qualifications from entry level to BTEC Higher National Diplomas, recognised by employers and higher education institutions worldwide.

We deliver 9.4 million exam scripts each year, with more than 90% of exam papers marked onscreen annually. As part of Pearson, Edexcel continues to invest in cutting-edge technology that has revolutionised the examinations and assessment system. This includes the ability to provide detailed performance data to teachers and students which helps to raise attainment.

This specification is Issue 3. We will inform centres of any changes to this issue. The latest issue can be found on the Edexcel website: [www.edexcel.com](http://www.edexcel.com)

## **Edexcel Functional Skills qualification in English at Level 1**

## **Edexcel Functional Skills qualification in English at Level 2**

These qualifications have been accredited onto the National Qualifications Framework (NQF) and are eligible for public funding as determined by the Department for Education (DfE) under Sections 96 and 97 of the Learning and Skills Act 2000.

The qualification titles listed above feature in the funding lists published annually by the DfE and the regularly updated website [www.education.gov.uk/](http://www.education.gov.uk/). The Qualifications Accreditation Number (QAN) should be used by centres when they wish to seek public funding for their learners.

These qualification titles and codes will appear on learners' certificates. Learners need to be made aware of this when they are recruited by the centre and registered with Edexcel.

The QANs for the qualifications in this publication are:

Edexcel Functional Skills qualification in English at Level 1	500/8700/9
Edexcel Functional Skills qualification in English at Level 2	500/8683/2

# Assessment

---

## Assessment summary

Speaking, listening and communication is internally assessed.

Reading and writing are externally assessed.

## Assessment opportunities for paper-based test

There will be up to eight assessment windows each year. Assessment is available in a 5-day window. Please see our website ([www.edexcel.com](http://www.edexcel.com)) for further details.

## Security arrangement for 5-day windows

Assessment is available within a five-day window. The following requirements must be adhered to:

- the dates of the window will be published by Edexcel
- test sittings must be scheduled to minimise the possibility of learners colluding
- centres must produce a schedule showing the date and time of each examination session to be held in the window. This schedule must be submitted in writing to Edexcel's Compliance and Quality Services Department
- each paper must be collected in, accounted for and held securely until the end of the window
- learners may only sit the test once in each window
- teaching of the subject should be suspended for the duration of the window
- learners must sign a declaration when they sit the test to confirm they understand they are not allowed to discuss the contents of the test until the end of the window.

## Assessment opportunities for on-screen test

The on-screen test may be taken at any time of the year by arrangement with Edexcel.

## Reading

Reading within the functional skills in English is defined as the independent decoding and understanding of written language and text in a purposeful context. 'Text' is defined as materials that include the use of words that are written, printed, onscreen or presented using Braille.

**Computer/screen readers (assistive technology) may be used in the reading component of functional skills in English where their use reflects the learner's normal way of reading.** A computer/screen reader (assistive technology) is an acceptable arrangement, since it still allows the learner to meet the requirements of the reading standards independently.

A 'human' reader cannot be used to demonstrate the requirements of the standards as this does not meet the requirement for independence. As a last resort, an exemption from the reading component can be requested for a disabled learner who cannot use assistive technology.

**Dictionaries and bilingual dictionaries will be allowed in the reading component. Where necessary, learners may request the use of a scribe for the reading test.**

## Writing

Writing within the functional skills in English is defined as the independent construction of written text to communicate in a purposeful context. 'Text' is defined as materials that include the use of words that are written, printed, onscreen or presented using Braille and which are presented in a way that is accessible for the intended audience.

Voice recognition technology (assistive technology) may be used in the writing component of functional skills in English where its use reflects the learner's normal way of writing. The use of voice recognition technology (assistive technology) is acceptable since it allows the learner to meet the requirements of the writing standards independently.

A 'human' scribe cannot be used to demonstrate the requirements of the standards as this does not meet the requirement for independence. As a last resort, an exemption from the writing component can be requested for a disabled learner who cannot use assistive technology.

**Dictionaries and bilingual dictionaries will be allowed in the writing component. Where necessary, learners may request the use of a reader for the writing test.**

## Exemptions

For **functional skills in English**, where barriers to access remain, we are able to offer learners with disabilities, as a last resort, exemptions from individual assessment components within the qualification. **Learners can be exempted from up to two of the three assessed components.**

# Controlled conditions (speaking, listening and communication only)

---

## Task setting: low control

A *low level of control* means that Edexcel will provide guidance on devising their own speaking, listening and communication tasks at each level to centres. Learners must complete activities to cover all the requirements of the skill standards at the level they are studying.

## Task taking: high control

### Preparation

Learners' preparation for a test should include the development of functional skills. Preparation may take place under informal supervision.

- **Authenticity control:** preparatory work may be completed under limited supervision.
- **Supervision:** an appropriate person should supervise the learner. It is acceptable to use an assessor/invigator who the learner feels comfortable with and knows well.
- **Feedback:** tutors can support learners through the preparation process.
- **Collaboration:** learners may collaborate in preparation but must provide an individual response to the speaking, listening and communication activities.
- **Resources:** learners should use the range of appropriate resources available to the centre. The same range of resources must be made available to all learners within a centre.

### The controlled assessment

The completion of a test must be under controlled conditions. During the assessment the learner must be in the direct sight of the supervisor at all times. Input such as clarification of requirements, reading the questions etc is acceptable.

Learners must be provided with a suitably quiet, undisturbed location.

The accommodation normally used by learners may be used for assessment. There is no need to remove posters, displays or materials containing information relevant to what is being assessed. However, displays should not provide a prepared answer to the test questions. It is acceptable for the learner to draw on external sources (with the exception of direct help from the assessor) during the assessment period.

## **Controlled conditions**

Learners will be able to complete an assessment activity only when supervised. If this takes place over more than one session, any learner materials must be collected in at the end of each session, stored securely and handed back at the beginning of the next session. The completed Assessment Record Sheet and assessment evidence should be retained at the end of the controlled assessment for a sample of the cohort for verification purposes.

Learners with agreed particular requirements, in relation to their mode of learning or assessment, can have their usual support, unless this compromises the outcome of the assessment. Those providing assistance should refer to the *Access Arrangements and Special Considerations for General and Vocational Qualifications conducted by the Joint Council for Qualifications Awarding Bodies*, which is on the Edexcel website ([www.edexcel.com](http://www.edexcel.com)).

Learners can have access to:

- notes, which must be checked to ensure they do not include a prepared response.

Learners must not have access to:

- a prepared response.

## **Time**

The total assessment time should be approximately 30 minutes at each level. This time includes individual contributions and interactions with others that demonstrate functionality. The time may be distributed over one or more sessions at the centre's discretion.

## **Authentication**

Learners' work must be authenticated by the centre.

## **Task marking: medium control**

*A medium level of control* means that tutors/assessors mark the controlled assessment task using the provided mark scheme.

Edexcel will conduct an annual review of the management of functional skills delivery and internal verification of assessment outcomes.

Edexcel will sample the assessment outcomes through standards verification.

# Quality assurance (speaking, listening and communication only)

---

Edexcel monitors and supports centres in the effective operation of assessment and quality assurance. The methods which it uses to do this for functional skills include:

- a requirement that all centres appoint a Lead Internal Verifier for functional skills speaking, listening and communication and to ensure that this person is trained and supported in carrying out that role
- a requirement that the Lead Internal Verifier completes compulsory online standardisation related to assessment and verification decisions for the designated programme
- assessment sampling and verification, through requested samples of completed assessed learner work and associated documentation
- overarching review and assessment of a centre's strategy for assessing and quality assuring its speaking, listening and communication functional skills programmes – Centre Quality Review and Development.

## Edexcel Quality Assurance Handbook

Centres should refer to the *Handbook for Quality Assurance for Edexcel Functional Skills Level 1 and 2 Speaking, Listening and Communication*, issued annually, for detailed guidance.

Centres must make certification claims only when authorised by Edexcel and strictly in accordance with requirements for reporting.

Centres that do not fully address and maintain rigorous approaches to quality assurance will be prevented from seeking certification for individual programmes or for all functional skills programmes. Centres that do not comply with remedial action plans may have their facility to deliver qualifications removed.

Edexcel's qualification specifications clearly set out the standard to be achieved by each learner in order to achieve the award of the qualification. Edexcel operates a quality assurance process, which is designed to ensure that these standards are maintained by all assessors and verifiers. It achieves this through the following activities.

## Internal verification

Centres are required to have robust processes in place to ensure that each assessor's decisions are reviewed so that they are correctly interpreting and applying the standards set out in the specifications. Choice and application of an appropriate system is a matter for individual centres. Edexcel fully supports the use of the centre's own quality assurance systems where this ensures robust internal standardisation. Centres should refer to the *Handbook for Quality Assurance for Edexcel Functional Skills Level 1 and 2 Speaking, Listening and Communication* (updated annually).

## Standards verification

Edexcel will sample assessors' decisions using subject-specialist standards verifiers. This process will follow the protocol as set out in the *Handbook for Quality Assurance for Edexcel Functional Skills Level 1 and 2 Speaking, Listening and Communication* (updated annually).

The external verifier assigned to the centre will identify, through negotiation with the programme coordinator, the learners' work which will be subject to standards verification. Centres should retain evidence from a sample of learners. Centres will be required to make available work, from the sample, which provides evidence for the assessment (in whole or in part) of the identified functional skill. The learner work **must** have been internally assessed, and for the learners' work submitted at least 50 per cent of the number of samples **must** have been internally verified.

Centres should refer to the *Handbook for Quality Assurance for Edexcel Functional Skills Level 1 and 2 Speaking, Listening and Communication* (updated annually).

## Centre quality review and development

Edexcel has a commitment to a strategic, risk-based approach to safeguarding security for the awarding of qualifications where assessment is delegated to centres. Quality assurance arrangements are deliberately focused on the ability of centres to manage the delivery of programmes and effective internal quality assurance, to ensure that assessment is carried out to the appropriate standards.

Each centre will receive periodic visits to review centre quality and development.

# Entry, awarding and reporting

---

## Learner entry

Details of learner entry requirements, and the number of assessment opportunities, can be found in Edexcel's *Information Manual*, which is sent to all examinations officers. The *Information Manual* is regularly updated and can also be found on Edexcel's website ([www.edexcel.com](http://www.edexcel.com)). Learners should be entered for all components including speaking, listening and communication.

## Awarding and reporting

The awarding and certification of this qualification will comply with the requirements of the Office of the Qualifications and Examinations Regulator (Ofqual). The qualification will be awarded as a pass or fail. The result for a learner who fails to reach the minimum standard for a pass to be awarded will be recorded as U (unclassified) and will not be certificated.

The first certification opportunity for the Edexcel Functional Skills in English will be November 2010.

## Component results

Centres will receive a notification of performance (NOP) detailing individual component results but there is no component certification. Learners may carry forward component results if they resit a qualification. Learners must pass each component to be awarded a qualification pass.

## Component codes

<b>Level 1</b>	<b>Paper based component code</b>	<b>Onscreen component code</b>
Speaking, listening and communication	E101	ENC01
Reading	E102	ENR01
Writing	E103	ENW01

<b>Level 2</b>	<b>Paper based component code</b>	<b>Onscreen component code</b>
Speaking, listening and communication	E201	ENC02
Reading	E202	ENR02
Writing	E203	ENW02

## Qualification results

Learners must pass each component to be awarded a qualification pass. Where no exemption has been granted, the result for the speaking, listening and communication component must be entered to enable learners to receive their qualification result.

## Cash-in code

Level 1	Paper based	Onscreen
Cash in code	FSE01	FENG01

Level 2	Paper based	Onscreen
Cash in code	FSE02	FENG02

## Resitting

If learners fail a qualification they may resit the failed components of assessment. They may carry forward the results from component tasks that have been achieved. Learners must take a different version of the component task to that originally taken.

Learners must complete all components at the level, or above the level, for which they claim certification.

## Language of assessment

Assessment of this qualification will be available in English only. Assessment materials will be published in English only and all work submitted for examination and moderation must be produced in English.

## Malpractice and plagiarism

For up-to-date advice on malpractice and plagiarism, please refer to the Joint Council for Qualifications *Suspected Malpractice in Examinations: Policies and Procedures* document on the JCQ website ([www.jcq.org.uk](http://www.jcq.org.uk)).

## Learner recruitment

Edexcel's access policy concerning recruitment to our qualifications is that:

- they must be available to anyone who is capable of reaching the required standard
- they must be free from barriers that restrict access and progression
- equal opportunities exist for all learners.

## Progression

Learners could progress from these qualifications to:

- GCSEs in English
- other related qualifications.

## Glossary of qualification format terms

All Edexcel functional skills qualifications have a standard format. The format is designed to give the requirements of the qualification for learners, tutors, assessors and those responsible for monitoring national standards.

Each qualification has the following sections.

### Qualification title

The title is accredited on the National Qualifications Framework (NQF) and this form of words will appear on the learner's Notification of Performance (NOP).

### NQF level

All units and qualifications within the NQF will have a level assigned to them, which represents the level of achievement. There are nine levels of achievement, from entry level to level 8. The level of the unit has been informed by the NQF level descriptors.

### Guided learning hours (GLH)

This is the guided learning hours required to teach the qualification.

### Cash-in code

This is the Edexcel code required to claim certification for the whole qualification after completion of all components.

### Skill standard

The skill standard of a qualification sets out the functional skills that learners are expected to achieve as the result of a process of learning.

### Coverage and range

The coverage and range specifies the scope of the application of a skill standard. The skill standard and coverage and range articulate the learning achievement which will be awarded at the level assigned to the qualification.

### Assessment structure

This includes details of the components of assessment and the key features of each component.
